A Message from Congressman Harry Teague

The struggling economy has had a significant impact on families and businesses across southern New Mexico. No one is immune from these effects – whether you’re having trouble finding a job, struggling to pay medical bills, or falling behind on your credit card bill or mortgage—times are tough, and people need to know where to look for help.

Recently, I hosted a Jobs Resources Fair tour that stopped in Los Lunas, Silver City, Roswell and Las Cruces. At these fairs we brought hundreds of job seekers together with dozens of local, private and government employers. I was happy to hear that lots of folks were able to get interviews or event jobs as a direct result of these fairs.

However, I know more must be done to get people back to work and help them make it through these tough times. That is why I put together this Job Seekers Resource Book. In this book you can learn about a variety of programs available to help you now, ranging from job training centers where you can gain new skills to public libraries where you can access the web to apply for a job.

Also, I would like to make note of how many of the programs listed in this book were made possible or aided by the American Recovery and Reinvestment Act. This historic investment in America provided immediate tax relief for working families, put people back to work, and invested in infrastructure for the long term. Programs like COBRA, Medicaid, Unemployment Benefits, Community Health Centers, and the Workforce Investment Act, have all been able to keep serving you because of the Recovery Act.

In times like these, it’s important to take advantage of every resource available to you. This Job Seekers Resource Book was put together to help New Mexicans understand what these resources are, and how you can take advantage of them. It is not meant to be an exhaustive list at all the programs available; rather it is just an overview of some of the most popular resources available. If you know of other programs that should be added to this resource book, do not hesitate to contact me.

As always, if you need assistance, please email me through our website, Teague.house.gov, or call 1-888-9-TEAGUE.

Sincerely,

A handwritten signature in cursive script that reads "Harry Teague".
